Order online at [www.nursingeducationofamerica.org](http://www.nursingeducationofamerica.org)

The courses below can only be ordered and completed online.

**MANAGING ANGER**

**Internet Only**

Life presents individuals with an anger problem every 12 minutes! A preponderance of individuals mismanage these problems resulting in stress, conflict, violence and pain. During this home study, the participant will be introduced to specific situations and anger management techniques. Clients can be taught how to place situations in perspective, how to make new choices and how to implement effective new tools. Anger can be successfully managed. This course is only available online. Reference: *Managing Anger, A Handbook of Proven Techniques* (new Ed. included). NEA Staff with Mitchell H. Messer, MA, Roman Coronado-Bogdaniak, MD, MHS, & Linda J. Dillon, BA, R.HY  
25 Contact Hours (2807).....(STYLE-LITE).....\$29.95  
30 Contact Hours (HS-807).....(STYLE-LITE).....\$29.95

**H1N1 (SWINE) FLU**

**Internet Only**

H1N1(Swine) flu has been found in multiple countries, and will inevitably result in many deaths in the United States. This course presents information on signs & symptoms, screening, diagnostic tests, drugs, high risk persons, infection control guidelines, and teaching implications. While guidance is ongoing, the attached materials provide information that will serve to intervene with the current situation, and as stopgap measures should the disease reach disastrous levels in the future. This is an online course only, all materials will be included online. NEA Staff

25 Contact Hours (8042).....(STYLE-MEDIUM).....\$20.00

**ANXIETY DISORDERS**

**Internet Only**

Provides an overview of anxiety disorders, demographics, etiology, assessment, symptoms, treatments, unique aspects per disorder, and nursing interventions. Reference: *Anxiety Disorders & Nursing Implications of Anxiety Disorders*. NEA Staff with Mary Hendrix; Steven Hyman, MD; Richard Nakamura, PhD; Matthew Rudorfer, MD; Linda Street, PhD; Elaine Baldwin; and Una McCann, MD

7 Contact Hours (943).....(STYLE-Lite).....\$13.00

**AUTISM DISORDERS**

**Internet Only**

These disorders cause severe and pervasive impairment in thinking, feeling, language, and the ability to relate to others. Usually first diagnosed in childhood, early intervention has a dramatic impact on reducing symptoms and promoting the child's development. Learn about symptoms, diagnostic tools, associated problems, treatment options and ongoing research. An excellent source for assisting with early diagnosis and teaching parents about the disorder. Reference: *Autism Spectrum Disorders (Pervasive Developmental Disorders)* Course Author: NEA Staff with Margaret Strock, NIMH & review Stephen Foote, MD.
